WEATHER and Fire-Proof Patent Paint.—I hereby give notice to the public, that I have been appointed Agent for the sale of this extraordinary substance.

It is a Mineral Paint, which, when applied to a Building,
and exposed to the action of the atmosphere, forms a coat of
slate or stone, rendering the Building perfectly fire and weather proof. The attention of Distillers, Mill Owners, Railroad
Companies Steamhoat Proprietors and Planters, is narticuer proof. The attention of Distillers, Mill Owners, Railroad Companies, Steamboat Proprietors, and Planters, is particularly called to this substance. It adheres with the utmost tenacity, to the substance to which it is applied, never cleans off, and once applied, it is applied for ever. It is much preferable to tin or zinc, for covering roofs, makes them perfectly water tight. When applied to brick or stone buildings, it excludes the dampness of the external atmosphere, making such buildings more healthy. For a more particular explanation of its Chemical properties, see Circulars. 100 lbs. will cover 1000 superficial feet.
